

APRIL 2013

ECO FRIENDLY POOL SOLUTIONS ARE HERE
FEATURING NATURAL CHEMISTRY PRODUCTS

To our loyal Pagoda Pool customers -

After extensive research and training over this past year we feel confident to recommend "Natural Chemistry" products. They are not only Eco and pet friendly but are chemical free and cost effective as well.

Natural Chemistry is **the leading specialty chemical manufacturer** in the swimming pool industry. Their goal is to provide the best possible product to either solve a problem, or enhance the swimming experience for the Pool Owner, or user.

Natural Chemistry products offer:

- ◇ Unique product line to provide solutions to virtually any water issue that you may face
- ◇ Chemical-free, natural solutions to common problems
- ◇ Provide treatment programs for specific problems
- ◇ Provide a wide variety of products to cater to many different needs
- ◇ Offer technical assistance
- ◇ And overall, improve the lives of your pets, pool and spa!

Along with Natural Chemistry we will be offering Guarantees for **Perfect Pool Water** for the entire season.

All of their products can be used with any method of sanitization, from Chlorine to Salt Generators. Their family of products will not only reduce the time and labor involved with the care of a swimming pool, but will also greatly enhance the current program that you are using.

Our **2013** chemical prices will be the lowest in Staten Island. We are offering manufacturer rebates on a variety of products and weekly discounts.

At Pagoda Pools you will find all of your pool and spa needs under one roof.

- ◇ Weekly pool/spa maintenance programs to choose from ****starting as low as \$ 25.00 a week**
- ◇ Quick response time with our trained technicians
- ◇ Free chemical delivery *(with minimum purchase)*
- ◇ Special pumping and early cleanup prices for Sandy Victims *(all seawater must be removed from pool)*
- ◇ We are highly recommending using **Cell Protect** to add to the life of your salt water generator *(the lifespan of your cells is 3-5 years)*
- ◇ Free computerized water testing (Lamotte System)
